Project Stage	Deferred	Duration	2020
Estimated Total Cost	\$110,000.00	Secured Funding	\$0.00
No Funding Source Identified Yet	\$0.00	Targeted Funding	\$110,000.00

Natural Resource Projects & Practices ➤ Water Quality Implementation

Existing efforts are funded through the Idaho DEQ 319 program and provide financial assistance to landowners to install BMP's that will reduce non-point source pollution in the watershed. Both Gem and Squaw Creek CDs are involved.

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
